

Light management system Controller basic DT8

Order number: 5108

- HCL control unit for controlling luminaires with HCL colored light control based on DALI
- Color temperature control and dimming via a standard momentary-action switch
- For up to 32 luminaires

protection class (IP): IP20; Input voltage: 176 - 240 V AC/DC; Service life: approx. 50.000h at 70°C; Inrush current in A: 0; Tc temperature in °C: 70; Switch cycles: > 100.000; Input voltage span: 90-264 V AC / 100-280 V DC; Input voltage range luminaire: 90-264 V AC / 100-280 V DC; ETIM Gruppen-ID: EC002710; Dimming DALI: Yes; No dim function: No; Pulse duration in µs: 0; BEG funding: Only relevant in Germany
width: 30mm
